

The message was not only clear and astounding but also has triggered a burning spirit in every child's mind to mark a beginning to end violence against women. To aggregate this message an event of leaving the thumb impressions was organized in the school campus. Like unique thumbprints children left their lasting impressions that voiced against the violence towards women.

"Orange your neighbourhood" is a part of the UN secretary General's campaign UNITE TO END violence against women. 25th of July marked the awareness of orange your neighbourhood and the programme conducted during the assembly, primarily focused on the following issues.

- Violence against girl children
- Sexual harassment of women and girl children
- Steps to be taken as individuals to fight for our rights.
- Ways to promote the upliftment of women in our society
